

APT GmbH · Borsigstr. 13-15 · 41469 Neuss

To our valued business partners

Neuss, December 1<sup>st</sup> 2019

## Change of Managing Director APT GmbH

Ladies and Gentlemen,

With effect from 23.09.2019 Martin Brück is the new Managing Director of APT Advanced PolymerTubing GmbH.

Martin Brück has many years of professional experience in the fluoropolymer industry and worked 20 years for one of the world's leading fluoropolymer manufacturers in various management positions. Mr. Brück would like to continue the successful work of APT GmbH with the highly committed team in Neuss.

"I am counting on the continuous improvements of product quality as well as the trustful cooperation with our partners and customers. However, I will also set new impulses for innovation and growth".

APT GmbH, founded by Mr. Heuser and Mr. Kipping in 2011, has been part of the Masterflex Group since 2017 and specializes in the development and manufacturing of sophisticated connection- and hose-systems made of high-performance and fluoropolymer materials.

Mr. Heuser and Mr. Kipping will leave our company on 31.12.2019 at their own request and would like to take this opportunity to thank all customers and partners for the pleasant and trusting cooperation during the last years.

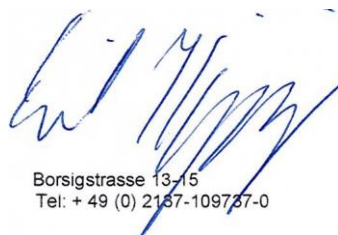

Yours sincerely

APT Advanced Polymer Tubing GmbH
